## Nylon Double Braided Rope

Construction:braided nylon core

16/24 strands double braided nylon cover

Nylon Double Braid is the preferred choice for applications requiring high strength with excellent shock absorbing properties. Its almost always used in applications involving shock loading such as anchor lines and mooring lines.

It has a double braid construction of high tenacity nylon fibers.Which makes it with high strength and soft hand.

**Features:**

High strength and low stretch

Excellent UV resistance

Excellent shock absorbing properties

**Applications:**

Anchor lines, Mooring lines

Item	Diameter(inch)	Length(ft.)	Color	Breaking
7131011	1/4	600	White	908
7131021	5/16	600	White	1430
7131031	3/8	600	White	1998
7131041	1/2	600	White	3541
7131051	5/8	600	White	5539
7131061	3/4	600	White	7877
7131071	1	600	White	13733
7131081	1-1/4	600	White	21088
